

Save 50% On Electricity Costs with Solar!

When you move into an Indigo Home with solar power, your electricity bills could be half of a comparable home elsewhere.

A solar power system dramatically lowers your monthly energy costs now and protects you against rising utility rates in the future.

Electricity Savings

Savings First Month	\$85
Savings First Year	\$1,020
Savings Over 20 Years	\$33,100
Electric Bill Savings	50%

*Illustration is an estimate for a typical McMillin Communities Home with a 2.58kW system and does not guarantee actual system production or savings. The system design may change based on a detailed engineering site audit. Actual system production and savings will vary based on the final system size, design, configuration, utility rates, applicable rebates and your family's energy usage. © Copyright 2011 SolarCity Corporation.
